

SITE Council Minutes November 14, 2007

Meeting called to order 5:30 pm by Mrs. Wildeman

Members in attendance: Susan Wildeman, Lynette Burroughs, JoAnna Walters, Shelly Welch, Paula Howard and Lisa Ifland

- Members reviewed Comparative Information for West Franklin USD #287 handout.
- Site Council members then move the discussion towards the list of money conservation ideas gathered from the community. A list was compiled by Lisa Ifland and discussed by all members. It is a small contribution to a pool of ideas that the Site Council members of the district will compile. Pros and cons of each idea were discussed and will be listed at the end of meeting minutes.
- Offering a presentation further explaining the new guided reading program was suggested. Date and time of a family night at the school to have a question and answer session have not yet been set.
- NCA survey questions were suggested. An environmental survey will need to be compiled and presented to the community. Issues concerning distribution to all the areas that our K-5 students come from, community members who don't have children in school and how to get a large return percentage were discussed. Since no Pomona representatives were present, we tabled further discussion until next meeting.
- It was suggested that the WES website be updated.
- The success of the WES PTO Fall Fun Fest – a \$4200 profit – will be applied, in part, to new library books and pea gravel containment.
